PRODUCT CATALOGUE

Why HEMEL?

- **Established Legacy:** HEMEL has over 50 years of experience in wood preservation and coating.
- **Trusted Partnerships:** HEMEL values strong long-term partnerships and provides customized solutions to customers globally.
- **Innovation-Driven:** HEMEL innovates with sustainable practices and eco-friendly formulations for high-performing wood coatings.
- **Exceptional Quality:** Expect top-quality wood coatings from HEMEL that are durable and perform exceptionally well, thanks to our rigorous testing.
- **Ensuring Production Meets Standards:** HEMEL meets high safety and environmental standards, including REACH and CLP Regulations, ensuring compliance and sustainability
- **Customer-Focused Approach:** HEMEL prioritizes customer satisfaction with tailored solutions, excellent service, and prompt support.
- **Extensive Product Range:** HEMEL has all your wood coating needs covered, with a wide range of products for both interior and exterior use and for both decorative and protective purposes
- **Sustainable Practices:** At Hemel, we prioritize sustainability and reduce our ecological impact, providing eco-friendly options for responsible choices.
- **Reliability and Consistency:** HEMEL is known for dependable wood coatings. We offer consistent performance, on-time delivery, and reliable support.
- **Expert Technical Support:** Our technical experts are available to assist with any questions you have about our wood coatings, from product application to troubleshooting.

Application & Maintenance Guide			

Milestones

1966 • Hickson Timber Impregnation Co. Ltd. establishes Turkey's first timber impregnation plant.

1983 • Introducing the first-ever long-lasting exterior breather paint, Hickson Decor®.

1992 • Introducing the first one-component water-based wood floor finish.

1997 • The first "Class 1" certified fire-retardant system is introduced to the market.

2002 • Introducing the first environmentally friendly arsenic-free vacuum pressure treatment products to the Turkish Timber Treatment Industry.

2005 • The first entry into the do-it-yourself Market in Bauhaus and B&Q shops.

2010 • The newly established HEMEL plant in Tuzla started manufacturing wood coatings.

2011 • ISO 9001:2008 and OHSAS 18001:2007 Quality Certifications achieved.

2012 • The research and development department was established.
• Production focused on water-based and environmentally friendly products.

2016 • HEMEL celebrated its 50th year in the industry with a fresh logo and updated packaging.
• Exports reached 12 countries, and 350 sales points were reached in the domestic market

2017 • Introducing the first ultramat water-based wood floor finish and VOC-free wood oil.

2018 • The Prime brand was established to provide a cost-effective solution for wood coatings.
• Introducing the first water-based sports hall wood floor finish.

2019 • TSE-ISO 10002:2014 Customer Satisfaction Management System Certification achieved.

2020 • The Restol brand was acquired from Lonza Wood Protection.
• HEMEL Marine Products were introduced to the marine Market.

2023 • Exports reached 32 countries, and 400 sales points were reached in the domestic market
• Introducing the first scratch & UV resistant all-purpose oil for all wooden surfaces.
• Construction of the second coatings manufacturing facility was started to increase flexibility and improve the quality of the products and services.

VISION

To achieve the utilization of wood as a sustainable, widely used, and long lasting building material;

In this context, to find the most accurate information, cutting-edge technologies and methods available;

To offer these to the service of users and applicators;

By training, enabling and motivating our workforce and sales partners for success.

MISSION

Leaving a heritage of green forests and habitable cities to the coming generations by achieving the most efficient utilization of wood as a renewable material through the use of technology.

Established in 1966 in Istanbul as a Turkish-British partnership, HEMEL Wood Coatings has been at the forefront of the wood preservation and coating industry for over five decades. With a global presence, HEMEL proudly exports exceptional wood coatings to 32 countries around the world. Our international reach includes renowned markets such as the Netherlands, the United States, France, Russia, and Singapore. Through strategic partnerships and an unwavering focus on excellence, we have successfully established ourselves as a trusted and preferred choice among customers worldwide.

As a company driven by innovation, HEMEL continuously invests in research and development to stay ahead of industry trends. We are dedicated to exploring cutting-edge technologies, sustainable practices, and eco-friendly formulations, ensuring that our wood coatings are high-performing and environmentally conscious.

As we continue to lead the wood coating industry, HEMEL remains committed to upholding the highest standards of quality, innovation, and customer service. Our extensive experience, global presence, and unrivaled product range make us your reliable partner for all your wood coatings needs.

ISO Quality Certificates

Our Manufacturing process has been certified in accordance with ISO 9001:2015 and ISO 45001:2018 standards with document numbers TR009983-2 and TR009984-2 by Bureau Veritas.

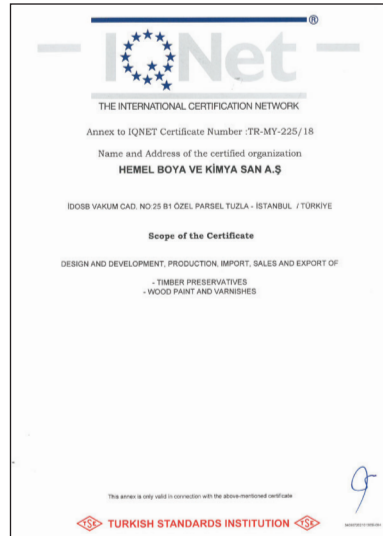

ISO 9001:2015
UKAS

ISO 45001:2018
UKAS

EN 71-3 Certificates

Toy Safety Standard

Can be used safely on children's furniture and toys.

HEMEL® and Hickson Decor® products are produced in compliance with the European Norm EN 71-3 (Child and Toy Safety) and do not contain heavy metals which may be harmful to human health. Heavy metals such as arsenic, chromium, lead, mercury and selenium may cause some diseases once they enter the human body. European Norm (EN 71-3) is set to prevent such harmful effects and our certificates listed above indicate that the heavy metal levels in our products are below the designated norm.

HEMEL® Timbercare Aqua

Water-based clear wood preserver* for brush or dipping application

*For pine and similar softwoods to be painted and used above ground level.

Apply by
brush or
dipping

Interior/
Exterior
use

General Features:

- Prevents decay from fungi and insects
- Clear
- Odorless
- Complies with European Norms
- Environmentally friendly
- Ready to use

Where to Use:

- For pine and similar softwoods to be painted and used above ground level

Coverage:

- 1 L. covers 4-5 m²

Packaging:

- 1 L.
- 5 L.
- 20 L.
- 200 L.
- 1000 L.

Please note that the colors displayed are meant to give an approximation of the final color when applied to pine. The actual color and gloss may differ depending on the type, texture, and absorbency of the individual piece of wood. The thickness of the film and the number of coats applied will also impact the final result. To get a clearer idea of the final color, we recommend applying the product to a sample of the wood you intend to use.

HEMEL® Hybrid Oil

New generation tinted waterbased hybrid oil for exterior wooden surfaces

Apply by
brush or
roller

Quick and easy maintenance with HEMEL® products

Exterior Wood Maintenance:

- Painted or stained surfaces should be sanded or cleaned by HEMEL Paint Stripper.
- To provide long-life protection against decay, apply HEMEL Timbercare Aqua on untreated softwoods and wait 24 hours before applying the product.
- One of the Hickson Decor Series, HEMEL Rapid Oil or HEMEL Hybrid Oil is applied.*

Exterior Thermowood Siding Maintenance:

- Painted or stained surfaces should be sanded or cleaned by HEMEL Paint Stripper.
- Apply Hickson Decor Aqua Clear Primer.
- One of the Hickson Decor branded products or HEMEL Hybrid Oil is applied.*

Deck Maintenance:

- Painted or stained surfaces should be sanded and cleaned completely.
- To restore uncoated or oiled weathered decks without sanding, apply HEMEL Deck Restorer.
- To provide long-life protection against decay, apply HEMEL Timbercare Aqua on untreated softwoods and wait 24 hours before applying the product.
- For long-term protection and staining; use HEMEL Deck Oil. For seasonal refreshing and maintenance use HEMEL Exotic Oil**, HEMEL Rapid Oil, HEMEL Hybrid Oil or HEMEL Teak Oil.*

Garden Furniture Maintenance:

- Painted or stained surfaces should be sanded and cleaned completely.
- To restore uncoated or oiled weathered garden furniture without sanding, apply HEMEL Deck Restorer.
- To provide long-life protection against decay, apply HEMEL Timbercare Aqua on untreated softwoods and wait 24 hours before applying the product.
- For seasonal refreshing and maintenance use HEMEL Exotic Oil**, HEMEL Rapid Oil, HEMEL Hybrid Oil or HEMEL Teak Oil.*

Interior Wood Maintenance:

- Painted or varnished surfaces should be sanded and cleaned completely.
- Apply Hickson Decor Aqua Decorative Colorant and HEMEL Varnish for Interior, HEMEL Ultramat, HEMEL Home, HEMEL Heavy Traffic, HEMEL Wood Oil 2C or HEMEL Hardwax Oil.*

Wood Floor Maintenance:

- Varnished parquet surfaces should be sanded and cleaned completely.
- Apply HEMEL Wood Oil 2C, HEMEL Hardwax Oil, HEMEL Ultramat, HEMEL Home, HEMEL Heavy Traffic or HEMEL SL 1C Wood Floor Finish.*

Panel Door Maintenance:

- Surfaces should be sanded and cleaned completely.
- Apply HEMEL Panel Door Paint.*

Wooden Kitchen and Bathroom Worktop Maintenance:

- Worktop should be sanded and cleaned completely.
- If previously HEMEL Wood Oil 2C or HEMEL Hardwax Oil is used only slight sanding is sufficient.
- Apply HEMEL Wood Oil 2C or HEMEL Hardwax Oil on the sanded surface.*

Wooden Kitchen Utensils Maintenance:

- Clean the wooden surface thoroughly with warm water and avoid any dirt or oil. After cleaning, let the wood dry for at least 8 hours.
- Apply HEMEL Kitchenware Oil generously on all sides of the wood with a lint-free cloth or paper towel.
- Leave the product on the surface for 30 minutes to be absorbed by the wood, then remove the excess oil on the surface with a lint-free cloth until you get a feeling of dryness.*

*For further information, refer to Technical Data Sheets.
